

Maryland Geological Survey Report of Investigations No. 70, Plate 1

EXPLANATION

The full well designation is the well number listed next to the well symbol, preceded by AA (indicating Anne Arundel County). Thus, well number 122 in the Ce quad is AA Ce 122.

(P) after the number indicates that the well was sampled during the pilot study (Bolton and Hayes, 1999).

SYMBOL	AQUIFER
■	Patuxent Formation
●	Patapsco Formation
○	Magothy Formation
■ (with dot)	Aquia Formation

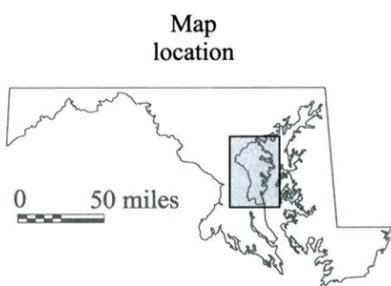

Plate 1. Locations of wells in Anne Arundel County that were sampled in this study and in the pilot study of carcinogens in Anne Arundel County well water (Bolton and Hayes, 1999).
