LEGEND

Based upon bathymetric surveys conducted by Maryland Geological Survey in June 1998. Source data is available on CD-Rom published with Coastal and Estuarine Geology, File Report 99-4.

Horizontal Coordinates are in Universal Transverse Mercator, North American Datum of 1983, Zone 18, meters.

Depth contours are referenced to Mean Pool Level which is defined to be 520 feet above Mean Sea Level (NGVD29).

Contour Interval is 10 feet.

Shoreline is from digital orthophotoquads flown in October 1994 by Maryland Department of Natural Resources. Digitized by USGS.

This work was supported by the City of Baltimore and the Maryland Department of the Environment through contract number U00P8000480.
